

Nursery Home Learning Grid

Numbers

- Can you find some objects around the house and count them?
- Roll a dice, count the spots or recognise the number then find the correct number of items in the house.
- Using household items such as socks, bottle tops or toys, grab them in your hands. How many have you grabbed? Who has grabbed the most?
- Count and find the total number of a group of objects.
- Sing some counting songs.

Shape and Pattern

- Find objects of different shapes in the house, draw around them to make pictures.
- Make some colour cards – pick a card and find as many items of that colour around the house.
- Practise cutting around some simple shapes.
- Can you make some repeating patterns using socks or other household items?

Physical

- Throw balls/socks into a target, keep score.
- Put on some music and dance. Can you invent some new moves?
- Sing some action rhymes.
- Fill up some containers with water, can you walk along a line without spilling the water?

Fine Motor

- Make some jelly, then hide items in it. Try and get them out using pegs, tweezers, tongs or your fingers.
- Pick up cotton wool balls using pegs.
- Thread some pasta onto straws/kebab skewers.
- Make shapes and lines using fingers in shaving foam.

Literacy

- Listening Walk – go on a walk in your house and listen to the sounds. Talk about what you hear and what the sounds are like, if they are long or short.
- What's in the box? Find some items in the house that make noises. Hide the items in a box, make a noise with an item and then the children can guess what is making the sound.
- Describe it and find it – set up a model farmyard. Describe one of the animals in the farm. The children can then guess which animal you are describing. This can also be done with transport, zoo animals, and other toys.

Technology

- Try some of our recommended apps.
 - Bobble Write
 - Cbeebies Apps
- Get your child to take some photos on a phone or tablet of various things around the house and then look back through them, describing what they've taken.
- Play some games on Top Marks.

The Arts

- Make a costume out of old clothes, materials etc. Make a microphone and a musical instrument. Then perform songs and dances to your family.
- Practise mixing colours with paints.
- Have fun making up stories with toys, dolls, cars etc.

Cookery

- Can you make some playdough?
 - 1 cup flour
 - 2 tsp cream of tartar
 - ½ cup salt
 - 1 cup water
 - 1 tbs cooking oil
 - Food colouring

Mix this all together and cook in the microwave until it is ready.
